Under the prevailing pandemic situation, when Colleges are unable to conduct the S-2020 Regular Examinations, we are awarding the CA, MSE and End sem Marks to students of B.TECH II, IV & VI SEM and M.TECH II-SEM based on the following guidelines.

- i. UGC Guidelines on Examinations Notification and Academic calendar in view of Covid-19 Pandemic dated 29th April 2020.
- ii. "OFFICE ORDER FOR IMPLEMENTATION" dated 12/6/2020 by DR. BABASAHEB AMBEDKAR TECHNOLOGICAL UNIVERSITY, LONERE.
- iii. Government of Maharashtra Guidelines No. UNI/2020/Baithak/Vishi1/4131A dated 8 May 2020.

The marks finalization, grading system and promotion scheme (Summer 2020) up to pre-final year students for all programs is as follows:

1. End semester examinations Summer 2020 shall not be conducted for the students of intermediate semesters of B.TECH & M.TECH. These students shall be promoted. (means allowed to take admission in next semester ) irrespective of backlogs, if any, till the current Even Semester (2019-20) to the next semester/year (2020-21) based on their composite score in Continuous Assessment & Mid semester Examination (50%) and previous semester result (50%).
2. All students of intermediate semesters including Discontinued (DC) students shall be promoted to the next semester/year. However such students shall be required to appear for the examination for the courses(s) from the previous semester including current Even Semester (2019-20), in which he/she has failed /detained/remained absent, whenever the examination are held next.

3. **Under DBATU curriculum** for B.TECH IV & VI Semester students, under, Theory and Practical marks are calculated as follows,

- a. **In Theory**, CA (20 marks) & MSE (20) marks are calculated based on the performance of student in the assessment conducted in current semester. It is uploaded on DBATU Portal and rest of the marks will be awarded by the University based on individual student's performance in last semester.
- b. **In Practicals** all CA1(30), CA2(30) & External Exam(40) marks are awarded by the teachers on the said assessments carried out in the current semester only.
- c. For M.TECH IV-Sem students, the Seminar – II marks (Out of 100 marks) will be awarded based on the Project work carried and presented by the student to the respective guide.

4. **Under Autonomy**, we have B.TECH II-SEM & M.TECH II-SEM. Theory and Practical marks will be calculated as follows,

- a. In Theory, 50% marks will be calculated based on the performance of student in the assessment (CA & MSE) carried out in the current semester. Remaining 50% marks will be awarded based on the marks scored by the student in previous semester (I-SEM).

For example,

Let us assume that the percentage of marks scored by the student in last sem is 66%. Hence, 50% of that is 33. So, while calculating the remaining 50 marks of every theory subject in current semester college will award 33 marks.

- b. In Practicals, all CA1(30), CA2(30) & External Exam(40) marks will be awarded by the teachers on the basis of assessments carried out in the current semester only.

"To be a Department providing high quality & globally competent knowledge of concurrent technologies in the field of Electronics and Telecommunication."

**MISSION**

1. To provide quality teaching learning process through well-developed educational environment and dedicated faculties.
2. To produce competent technocrats of high standards satisfying the needs of all stakeholders.

3. In the same clause R 16.8, it is mentioned that "for the examinee opting for forego, his/her marks in continuous assessment shall be ascertained proportionately on the basis of his/her marks in the end semester theory examination of that course and equal proportion on the basis of his/her marks in practical examination". Since theory subject has both Continuous assessment (CA) & Mid Sem Exam (MSE), here is only clarification about continuous assessment is mentioned and not for Mid Sem Exam.

Since in theory subjects CA and MSE are of 20 marks each, we propose that when a student is applying for forego with the Supplementary Exam form, he will be awarded 75% of the Supplementary exam marks proportionately in (CA + MSE) .(Annexure-XIV).

For example, if a student has requested for forego of internal marks in a particular subject & he scores 30 marks out of 60 in the Supplementary exam. Then in CA out of 20, he will be awarded 7.5 (rounded off to 8) marks. Similarly in MSE out of 20, he will be awarded 7.5 (rounded off to 8) marks.

4. Presently in R 17.4 mentioned that "For computation of Standard Relative Grades, for the evaluation of the academic performance of an examinee in a course, in Makeup Examination, the Mean and the Standard Deviation would be the same as the Mean and Standard Deviation in the End Semester Examination for which the Makeup Examination was conducted.

It should be "For computation of Standard Relative Grades, for the evaluation of the academic performance of an examinee in a course, in Makeup Examination and Supplementary Examinations, the cutoff would be the same as the cutoff in the End Semester Examination for which the Makeup and Supplementary Examination was conducted." The matter is placed before the house for acceptance. (Annexure-XV)

5. Presently in R19 under Award of Degree mention that "The Degrees shall be awarded by Dr. Babasaheb Ambedkar Technological University along with the name of College on the degree, on the recommendations of the Academic Council/ Governing Body."(Annexure-XVI)

Below this add the following.

## VISION

To be a center of excellence imparting professional education satisfying societal and global needs.

## MISSION

1. Transforming students into lifelong learners through, quality teaching, training and exposure to concurrent technologies.
2. Fostering conducive atmosphere for research and development through well equipped laboratories and qualified personnel in collaboration with global organizations.

3	Master of Business Administration (MBA)	MB	3	Eligibility Criteria as laid down by the competent authority from time to time
4	Master of Computer Applications (MCA)	MC	4	Eligibility Criteria as laid down by the competent authority from time to time

3. As per the Ordinance R16.3, the "Grade applicable to students in make-up examination will be one level below the actual Grade obtained by the student in make-up examination".

We propose to make it clear that the above practice of "awarding one Grade below is adopted only for Theory and Elective Subjects and not for Practical, Audit Course, Seminars, Projects, CRT, Training courses etc" (Annexure-IX).

4. As per the Ordinance R 8, for an Elective course to start "Minimum 20 students are required". Now there are certain B. Tech. programs where the Intake is reduced to 30 hence we propose the minimum condition for offering an Elective subject is minimum 33% of the total strength in that class (Annexure-X).

5. Presently in R 26 (ii), it is mentioned that "In case of subject where the number of students offering a given elective is less than 30, the grades will be awarded as per absolute grading system". However, we propose to adopt the "Relative Grading system for Grade calculation in all the programs irrespective of the number of students appearing in the Theory/ Elective/Practical Subjects" (Annexure-XI).

6. There is a course CRT included in B. Tech. VI-Sem and has assigned a weightage of Credit 1. The assessment is done for 50 marks by the Training and Placement cell. We suggest conducting this assessment by the same cell under the head of "College Assessment" (CA) for 25 marks and "End Semester Evaluation" of CRT for remaining 25marks.

7. The ordinance O.2, Constitution of Governing body as per the UGC guidelines shall be modified as (Annexure-XII)

3. As per the Ordinance R16.3, the "Grade applicable to students in make-up examination will be one level below the actual Grade obtained by the student in make-up examination".

**Here it is clear that the above practice of "awarding one Grade below is adopted only for Theory and Elective Subjects and not for Practical, Audit Course, Seminars, Projects, CRT, Training courses etc".**

4. As per the Ordinance R 8, for an Elective course to start "Minimum 20 students are required". Now there are in certain B. Tech. programs where the Intake is reduced to 30.

**Hence it is modified as "the minimum strength of student for starting an Elective subject is minimum 33% of the total strength in that class".**

5. Presently in R 26 (ii), it is mentioned that "In case of subject where the number of students offering a given elective is less than 30, the grades will be awarded as per absolute grading system".

**It is modified as use "Relative grading system for Grade calculation in all the subjects irrespective of the number of students appearing in the Theory/ Elective/Practical Subjects".**

6. There is a course CRT included in B. Tech. VI-Sem and has assigned a weightage of Credit 1. The assessment is done for 50 marks by the Training and Placement cell.

We suggest conducting this assessment by the Training and Placement cell under the head of "College Assessment" (CA) for 25 marks and "End Semester Evaluation" of CRT for remaining 25 marks.

Board of Studies of MBA has prepared the scheme and 1<sup>st</sup> year MBA syllabus. The scheme and syllabus has been placed in-front of house and the house unanimously approved it.

**Item No. 8 To approve the scheme and syllabus of first year MCA.**

College has applied for Master of Computer Applications (MCA) for 1<sup>st</sup> division (60 students). This new course has been approved by AICTE from 2023-24 onwards.

Board of Studies of MCA has prepared the scheme and 1<sup>st</sup> year MCA syllabus. The house unanimously approved the scheme & syllabi of 1<sup>st</sup> year of MCA.

**Item No. 9 To approve to conduct B. Tech. VII and VIII-Sem Winter 2023 (Supplementary) examinations little earlier in Sept-Oct 2023.**

The first batch of B. Tech. under Autonomous JDcoem is passed out in Summer-2023. It is observed that few students could not complete the degree because of backlog of VIII-Sem or previous semesters. Few students approached and requested to schedule the said examinations little earlier as they require the degree either to join the Companies or to apply for the job (Private & Govt). We analyzed our record and found that around 30 students are there who are having backlog of either VII-sem or VIII-sem. Hence we conducted the supplementary exam in the month of September. House accepts the situation and considered the conduction of examination in the month of Sep-Oct 2023 (Annexure-VI).

**Item No. 10 To provide Grace Marks Facility to students.**

Sometimes it is observed that a student fails the semester by one or two marks and that too in a single subject. Many times students and parents approached and requested us to do something so that their academic year loss can be avoided but unfortunately there is no any alternative available currently.

To avoid the academic year loss on a humanitarian ground we thought that the Grace Mark facility should be provided to students. House was agreed to provide the grace mark facility of "5 marks per semester" to students (Annexure-VI).

**Item No. 11 Amendment in Ordinance of JDcoem under various clauses.**

1. In Preamble; it is written as "JDcoem is affiliated to Dr. Babasaheb Ambedkar Technological University (DBATU) of Maharashtra State for all Technical programs. With Excellence as its mission and Merit as its motto, JDcoem is fast evolving as one of the best

Every student admitted to the MBA program has to successfully complete ONE massive Online Open Courses available on SWAYAM/NPTEL portal. Similarly, a student can opt for transfer of credits by successfully completing the course recognized by the 'Department of Lifelong Learning & Extension' of Rashtrasant Tukadoji Maharaj Nagpur University to become eligible for the award of MBA degree. Alternatively, student may acquire certifications from NISM, NCFM, Udemy, Coursera etc.

The mechanism for transfer of credits earned through these courses to be adhered is as mentioned here:

- The credit points of MOOCs earned by a student shall be transferred in the Marklist of Semester IV. The student has the liberty to complete this course any time during the MBA program after his/her admission and it is not restricted to any specific semester. However, the student has to successfully complete the MOOC course before the end semester examination of 4th Semester.
- Successful completion of ONE MOOC course of 2 credits is mandatory for every student to become eligible for the award of degree.
- The student is free to opt for any course available on the portal during a particular semester provided the course has minimum 2 credits (minimum 8 weeks duration).
- If a student has completed a MOOC carrying more than 2 credits, then only 2 credits shall be considered and be shown in the mark list of 4th semester against such course.
- In case, a student is not able to complete 1 MOOC course before the commencement of End Semester Examination, he/she shall be marked absent in that subject and their result of Semester IV will be declared fail. To complete the degree of MBA, these students will have to fill fresh examination form of subsequent examination. Their results will be declared successful only when they complete MOOC course along with other backlog subjects of previous exams.
- The examination fee for MOOC is to be paid and borne by the student separately.

**Proposed amendments or Introduction of new policies in Examination System in 8<sup>th</sup> Academic Council Meeting.**

10-10-2023

1. Sometimes it is observed that a student fails to pass the semester by one or two marks and that too in a single subject. Many times, students and parents approached and requested us to do something so that their academic year loss can be avoided but unfortunately there is no any alternative available currently.

To avoid the academic year loss on a humanitarian ground we thought and discussed about the Grace Mark facility. First time we are proposing to adopt the Grace Mark facility in our Autonomous Examination system and will be applicable only if a student is likely to pass the semester. It is proposed to be implemented as follows,

- a) Maximum Backlogs for which Grace is applicable in a semester: Two Theory Subjects (If, any student has more than 2 backlogs (including all courses) in a semester, he is not eligible for the award of Grace).
- b) Maximum Total Grace Marks: 05 (Five) marks in a semester.
- c) Maximum Grace Marks applicable to one subject: 03 (Three marks)
- d) However, Grace mark is not applicable for Courses such as Audit, Practical, Seminar, Projects, Dissertation, Internship, Online Courses (courses whose credit is to be acquired by online Certifications such as MOOCS, NPTEL) etc.

2. Proposal submitted by from Controller of Examinations (COE) for Permission to conduct B.Tech. VII and VIII-Sem Winter 2023 (Supplementary) examinations little earlier in Sept-Oct 2023.

With respect to the request issued from COE regarding conduction of B.Tech. VII and VIII-Sem Winter 2023 (supplementary) examination prior to its regular schedule of time. Meeting was conducted by the Examination Committee under the Chairmanship of the Principal (Chairman, Examinations Committee) with the members on 01/09/2023 and after discussions, decision is taken that Examination section may conduct B.Tech. VII and VIII-Sem Winter - 2023 (Supplementary) examination from 16th Sept.2023 onwards.

## R 26. Guidelines for Award of Grades

Following are the general guidelines for the award of grades:

- (i) In general standard relative grading system will be followed.
- (ii) In case of subject where the number of students offering a given elective is less than 30, the grades will be awarded as per absolute grading system.
- (iii) For each student, evaluation in different components of a course shall be done in absolute marks considering the weightage in the scheme.
- (iv) The marks of various components shall be added to get total marks secured on a 100-points scale. The rounding off shall be done on the higher side, if greater than/equal to 0.5.
- (v) The provisional grades shall be awarded by the Examination Committee. The grades shall be finalized within fifteen working days after the End Semester Examination.
- (vi) If required, the grades so awarded shall be moderated by a Grade Moderation committee within next three working days. This committee will finalize the grades and display a copy of the grades awarded on the Notice Board of the Department. All the final grades shall be communicated to the Controller of Examinations within three working days from the date of display of grades.  
The procedures for evaluation and award of grades for project, training, seminar and group discussion shall be decided by the respective DFB.
- (vii) In case of audit courses the students would be awarded grades as follows
  - i. Satisfactory
  - ii. UnsatisfactoryThe grades shall be awarded by the course coordinators and communicated to the controller of examinations. The course coordinator shall decide and declare the mode of evaluation for the audit courses within the date prescribed by the Dean Academics.

## R 27. Standard Relative Grading System

Computation of Standard Relative Grades

The Mean and Standard Deviation would be calculated for the course based upon the marks obtained by the students in that course

Formula for Mean  $\bar{X}$

$$\bar{X} = \frac{(\sum_{i=1}^n Xi)}{n}$$

Where, n is the total number of students appeared for the examination.

Formula for standard Deviation ( $\sigma$ )

$$\sigma = \sqrt{\frac{\sum_{i=1}^n (X_i - \bar{X})^2}{n-1}}$$

For UG Courses having 30 or more students

Grades	Grade Points	Range for Grade Calculation
AA	10	$\geq X + 1.5 \sigma$
AB	9	$< AA \text{ and } \geq X + 1 \sigma$
BB	8	$< AB \text{ and } \geq X + 0.5 \sigma$
BC	7	$< BB \text{ and } \geq X$
CC	6	$< BC \text{ and } X - 0.5 \sigma$
CD	5	$< CC \text{ and } X - 1.0 \sigma$
FF	0	$< X - 1.5 \sigma$

### Guidelines for Moderation of Grades (if required)

Following are the general points can be considered for the moderation of grades (However the application of these guidelines varies from subject to subject and it may happen that by application of a following guidelines the grades are moderated reasonably in one subject but it cannot solve the problem in another subject hence we need to be flexible while applying these guidelines.):

1. Number of students in Grade "AA" should be 5 to 10% of total students.
2. Number of students in Grade "FF" should be less than 10% of total students at the most. However it's not mandatory to fail the student.
3. In pandemic situation, for theory subject cut-off of 'FF' Grade should be approximately 45 (In the range of 42 – 48) if calculated cut off of same grade is more than 50 and in practical subject cut-off of 'CD' Grade should be approximately 55 (In the range of 52 - 58) if calculated cut off of same grade is more than 58.
4. While deciding cut-off consider the makeup & supplementary exams and marks to be scored by the absorption student to pass the subject in future.
5. In audit / field training/ industrial visit, minimum cut-off should be approximately 50% of maximum marks obtained by the student in the subject.
6. Range of marks need not be constant.
7. After grade calculation, plot the bar graph.
8. A bell curve is a symmetric curve centered on the mean, or average, of all the data points being measured. The width of a bell curve is determined by the standard deviation—68% of the data points are within one standard deviation of the mean, 95% of the data are within two standard deviations, and 99.7% of the data points are within three standard deviations of the mean.
