ANNUAL MAGAZINE 2022-23

Education to Eternity

# CHAIRMAN'S DESK

**Education is the ability to listen to almost anything without losing your temper or your self-confidence.**  
– Robert Frost

I am filled with delight and pride to add some colourful feathers to the crown of social development through our institution at our own level. If there is such a thing as the most beautiful task in the world, it is none other than teaching today's young minds and hearts for a better tomorrow that promotes societal peace and advancement. We firmly think that education is the process of moulding the mind, body, and spirit to develop self-control in words, deeds, and ideas. Once the mind is trained, everything else in a good educational system falls into place on its own.

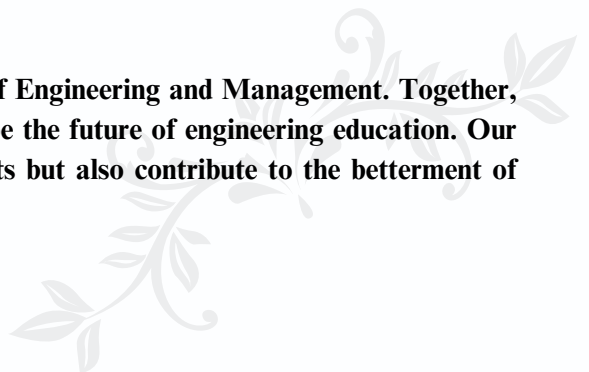

In order to engage students, uncover their latent potential, and then equip them with higher order thinking abilities for improved learning outcomes, our educators and administrators—who serve as first line learners—are regularly exposed to better pedagogical approach. Our slogan and motto “Education to Eternity” instruct and direct us to study, lead, and serve in order to contribute to societal growth and prosperity. I kindly request suggestions from and support for our institution's ongoing growth from our cherished parents, who serve as our partners in education. I acknowledge each kid on their accomplishments, encouraging them to find their inner strength and strive for greater success in all areas of their lives. We collaborate to motivate young people to advance their professions and develop into moral individuals. In all facets of a student's education, our college has a very strong and proud culture of excellence.

I applaud the efforts of the students who worked hard making the second edition “Sanskriti” a grand success!! I am sure it would be worth reading and outstanding.

In conclusion, I am excited about the future of J D College of Engineering and Management. Together, let us continue to push boundaries, drive innovation, and shape the future of engineering education. Our collective efforts will not only impact the lives of our students but also contribute to the betterment of society.

**-Shree. Sanjay Agrawal**

Chairman, JES

# SECRETARY'S DESK

**It is not length of life, but depth of life.**

**– Ralph Waldo Emerson**

Since its inception, the institution has worked diligently to increase the effectiveness of its operations, broaden its audience, introduce the newest pedagogical and technical tools, hone the students' research propensities, and expose them to the outside world. In order to facilitate the quick acquisition of numerous abilities, learning has been synced with a variety of seminars, projects, trips, and contests. In addition to offering degrees to students, the institution has had extraordinary success in enabling them to gain life skills that will help shape their professions and personalities through the implementation of such programmes. Setting standards by fusing technology and tradition, the institution will keep putting its emphasis on teaching students value orientation and life skills so they can handle problems across the world. The use of digital classrooms, cutting-edge research labs, and a high-tech library will assist to encourage this. Combining the most cutting-edge technology with values-based infusion in research and teaching will undoubtedly prepare students to be outstanding professionals and obedient citizens of the future.

I am pleased that everyone at JDCEM wants to aid pupils in developing deeper understanding. JDCEM will recommit to "Creating - Top-of-The-Pile Competent Engineering Professionals" who will be the talk of the global professional community. I want to reassure all of the parents that we are here to assist young, worthy kids in achieving their life goals and dreams.

I am pleased to present second edition of our annual magazine "Sanskriti" that conceals some classic stories and particulars related to the beauty and true essence of collaborations. The main motive is to depict the distinct colours of the young minds that beautifies joint efforts of the students to platform their views talents. The entire magazine is designed by students with handmade section pages, cover pages along with thought-provoking articles.

I congratulate the editorial team and faculty in charges of Sanskriti-22" for their efforts to bring out this magazine.

**-Shree. Ajay Agrawal**

Secretary, JES

# TRUSTEE'S DESK

Dear Readers ,

**JDCOEM is committed to support initiatives that enhance the quality of education and the overall college experience. It is our collective responsibility to ensure that our college remains at the forefront of engineering education and prepares our students for the challenges and opportunities of the future.**

**To our students, this is a place where you can unleash your potential, explore your passions, and collaborate with like-minded peers and faculty mentors. As you embark on this transformative journey, remember that you are the driving force behind our college's success, and your accomplishments are a testament to the excellence of our institution.**

**To our esteemed faculty and staff, I extend my heartfelt gratitude for your dedication to teaching, research, and guiding our students towards greatness. Your commitment to imparting knowledge and nurturing the next generation of engineers is invaluable. Let us continue to work together to create an atmosphere of intellectual curiosity and professional growth.**

**Our college magazine serves as a canvas to showcase the achievements, innovation, and creativity within our college community.**

**Together, let us forge ahead with unwavering determination, guided by our vision and mission. By staying true to our values and aspirations, we can make a lasting impact on the world through our contributions as engineers and responsible global citizens.**

**-Shree. Jayesh Goyal**

Trustee, JES

# DIRECTOR'S DESK

The motivating environment in JDCOEM for knowledge assimilation, generation and dissemination with a sense of social responsibility, human values and concern for social commitment has carved a niche for itself among the best technical institutes.

The special emphasis is given to Outcome Based Education (OBE) and Experiential Learning. The academic activities concentrate on helping the students to gain an excellent theoretical knowledge base and in the development of skills to implement them. We are constantly reviewing our set up to update and improve while making sure that students gain thinking skills, analytical frameworks, entrepreneurial skills, interpersonal and communication skills. There is also an ample of scope for co-curricular and extracurricular activities at JDCOEM wherein the students are encouraged to show their talents. JDCOEM ensures that the students prove themselves to be not only well qualified engineers but also very responsible and ideal citizens of our country.

It is my pleasure to congratulate the team that has taken the initiative for producing this magazine. Reading this magazine would definitely be an inspiration and motivation for all students and staff to contribute even more to the forthcoming issues. I hope that everyone would continue to give their full efforts to keep the momentum and continue to enhance the standards of the magazine.

"A desire can change nothing, a decision can change something but a determination can change everything".

**-Prof. S. M. Bang**

Director JES

# EXECUTIVE DIRECTOR'S DESK

**Our focus is on creating an environment that encourages intellectual curiosity, nurtures innovation, and provides a platform for every individual to excel. Our college's vision and mission reflect our commitment to nurturing innovation, academic excellence, and the holistic development of our students.**

**To our students, I encourage you to embrace the opportunities and resources available at JDCOEM. Your time here is not just about acquiring knowledge; it is about discovering your passions, exploring your potential, and preparing yourselves to make a meaningful impact in your chosen fields.**

**In light of the effect of science, scientific research, and technological advancement as well as the rapidly changing world and society we live in, it is more important than ever to be prepared for the future. The work is difficult, yet the opportunities are vast. With this in mind, we continue to make steady progress towards our goal of producing responsible citizens who will contribute to the development of our country. Given that a country's ability to advance rests on the calibre of its instructors, the institution's aim is to produce competent professionals in addition to responsible citizens.**

**By establishing moral and spiritual principles in the young minds and instilling in them a sense of duty to the community at large, we seek to maintain the rich cultural and disciplinary legacy of our college with a mixture of diligent observation and ameliorative posture. Activities that have a value-based impact on the lives of the students who come here as well as their careers have become a trademark of JDCOEM.**

**I am happy and content to look at second edition of the annual magazine, "SANSKRITI" designed and edited by our students and consider this as one of the best outcome of all these curricular, co-curricular & extra circular activities.**

**My heartfelt wishes are with the students for future endeavours!!!**

**-Shri Avinash Dorsatwar**

Executive Director, JES

# PRINCIPAL'S DESK

It is my privilege to welcome you to our college- J D College of Engineering and Management(JDCOEM). At JDCOEM we strongly believe that 'It is only through Right Education, one can bring a desired and positive change in this society'. This Philosophy has been the guiding factor of our institution since its inception.

JDCOEM today is the name to reckon with for its Student Centric interventions to meet the objective of imparting Quality Engineering and Management Education aiming with the sole motto of creating technocrats with a humane touch and develop the ability to take on the challenges of world of work effectively and efficiently. Transforming students into lifelong learners through, quality teaching, training and exposure to concurrent technologies. Fostering conducive atmosphere for research and development through well equipped laboratories and qualified personnel in collaboration with global organizations has been our goal.

The courses offered by our institute addresses the educational and emotional needs of the students which in turn help them to advocate the cause of "Responsible Citizenship" not only at workplace but in all walks of life in the dynamic world order. It is Permanently affiliated to the Dr. Babasaheb Ambedkar Technological University, Maharashtra and has acquired the status of autonomy from the year 2019-20 and currently offers B. Tech programs in Civil Engineering. Computer Science and Engineering, Artificial Intelligence, Electronics & Telecommunication Engineering. Information Technology, Electrical Engineering and Mechanical Engineering, M.Tech programmers in Electronics and Telecommunication Engineering, Computer Science and Engineering and Doctor of Philosophy in Master of Business Administration(MBA).

**We at JDCOEM adhere to high Quality Parameters to ensure the effective outcome of various Academic, Curricular and Co-Curricular interventions in learner centric environment through its dynamic curriculum. Realizing the fact that faculty is the most important resource special efforts have been made to find, recruit and retain highly qualified and competent faculty Infrastructure created and acquired by the Institute is of a very high quality and includes multimedia classrooms, well equipped labs including software for CAD/CAM, simulations and other applications, well stocked modern library with digital media, auditorium, seminar halls and playgrounds.**

**Connecting with the students: We at JDCOEM strongly believe that a continuous interaction between the students and the institute can add more vitality to the educational outcomes and hence we have launched an E-Magazine. I assure you that it is totally for the students, by the students and from the students and therefore it is my earnest request to you to make whole heart contributions and at the same time share and enjoy each other's experiences and knowledge and make it a much awaited magazine not only for our students but create its own niche among other student community.**

**Welcome to a great literary experience!**

**-Dr. S. V. Sonekar**

Principal JDCOEM

# CO-ORDINATORS'S DESK

Welcome to the second edition of our beloved students' annual magazine " Sanskriti". It is a blend of a diverse tapestry of stories, ideas, and voices that capture the essence of our dynamic student community. Each activity, article, photograph, and artwork is a testament to the incredible talents and passions that abound on our campus. The magazine launch is a culmination of hard work, creativity, and the collective talents of our student team.

Stories have the power to connect, to inspire, and to change lives. In this issue, you'll find stories that touch on various aspects of our lives as students: the challenges we overcome, the lessons we learn, the experiences that shape us, and the dreams we dare to dream. As you delve into these pages, I encourage you to immerse yourself in the narratives and perspectives of your fellow students.

So let us together hand in hand take our institution forward ensuring that each and every student on our records receives the all-round qualification needed to be fruitful and ready to carve a niche for him/herself on the global scenario, as our mission statement so aptly states. We hope and believe that we will accomplish this. We have learnt to love; learnt to lose what we could not hold on to and above all learned to learn in any and every circumstance. So, let's be together and continue our learning journey!!!

**-Dr. Namrata Pradnyakar**

Dean Student, JDCOEM

# STUDENT CLUB

*#follow your passion*

Education to Eternity

### Vision:

To create a common platform for every student of college to enhance, nurture and showcase their talent.

### Mission:

To provide opportunities and encouragement to the students to follow their passion and enhance their abilities.

Student Club JDCOEM is an organization of, by and for the students. A body consisting of 11 different clubs focusing on various aspects of "Engineering and the society", the students are given opportunity to organise events and perform various other activities encouraging them to do their part for the society. With the motto " Follow your passion" student Club provides a platform to the students of JD to showcase there talents of Dance, Drama, Music, photography, Fitness, sports and many more....covering each and every aspect of engineering making activity based learning "practical" and ensuring the 360° personality development of the student which makes the student "Stand Ahead of All" in the global market.

# FITNESS CLUB

Of course, it's fit. That's why they call it Fitness!! Fitness plays a vital role in one's life. It's not just about being better than someone, it's about being better than the person you were yesterday.

Now, In the digital era of social media, health is the most important concern in everyone's life. The main motive of Fitness Club is to focus on the physical as well as mental health of the students. It creates a road map to shape your mindset, body & life in a better way/position. Fitness Club not only teaches you how to work and organize yourself in a disciplined manner, but also focuses on helping you grow with the right mindset, helps to develop positive attitude within, stands up for social cause as well. It's a perfect place for people who believe in themselves, who push themselves harder to do the things that they don't think they can, to do the things that other people do not think they can. Fitness club unleashes the beast within yourself, to see what's possible.

# University Sports

Date :14th November 2022

DBATU Sports selection is organized under the Fitness Club.

There were 4 different sports selections taken on 14th November in which Kabaddi, Volleyball, Kho-Kho, and Athletics were involved. Approximately 204 students from different colleges gave their trials total of students were selected to represent DBATU

In Kho-Kho, we got a Total of 49 entries in which 29 were males and 20 were females. There was a total of 22 students present in DBATU University.

# Carnival of Love

25th December 2022

There are many ways to push for much-needed reforms: One way is to make a donation. It doesn't matter much whether you contribute publicly or in a private way - either way is good. What matters is true intention. - Lee Min-Ho

Spreading happiness on Christmas Evening Fitness Club under Student Club of JDCEM organised an event of "Carnival of Love" for the needy people of society. A step taken by the students for the noble cause of society. Donation drive for needy people who live in different locations of the city.

There were many people in need, so we decided to help them. and some members donate their old cloths. The objective of the event is spread awareness about the importance of donations among the students. Donation helps people in need..

# Cleanliness Drive & Blood Donation

Here we are sharing the glimpses of event organised by the Fitness Club. Our team took an initiative to clean few areas in Nagpur and some of our members donated blood in Blood Donation Camp Organized by Maha Metro hosted by lifeline blood bank at Sitabuldi Metro Station.

# Glimpses of Streetplay on Occasion of Mental Health Awareness

To raise awareness about mental health issues worldwide and to mobilize efforts to support mental health. to encourage the application of mental health knowledge in general health care and social development. Fitness Club plays a streetplay in college premises

# EVENT CLUB

In today's fast pace world, it is important for one to be experienced in various fields. Extra-curricular activities also play a huge part in a student's overall development. JD College of Engineering and Management provides students a platform to develop their skills and leadership qualities in the form of various clubs. One such club, under Student Club, is Event Club. In Event Club, students get a firsthand experience of organizing and managing the events. It caters to the creative and technical needs of the students. The Event Club aims at developing the intellectual, organizational and social skills of the students. Event Club has conducted several cultural events and social events like clothes donations. Various skills like leadership, working in a team, sharing success and failure, accepting responsibility are implicit in the club's working.

# Diabetes Drive

13th November 2022

To raise awareness about Diabetes and its symptoms Event Club organized an Diabetes Drive to give people comfort from misconceptions. To make people aware of the adverse effects of diabetes. Everyone was gathered in walker street and members started interacting with citizens in nearby areas. After that we went to the Japanese Garden to interact with more people After entering the Garden, we found some senior citizens enjoying their morning workout with some music. After a successful workout session members started to interact with them and tell them about the symptoms and precautions of Diabetes. To make people think about their physical health Drive ended with blessings from Citizens .At the end of the interactions, members begin distributing fruits to the nearby.

## Poetry Slams 2.0

From the last two years Event Club organized POETRY SLAM To revive oral traditions of poetry recitals. It provides a platform for students to express their thoughts and ideas through poetry. The event seeks preserve and promote the tradition of poetry among the younger generation. Students are encouraged to express themselves through poetry in different languages, thereby supporting linguistic diversity.

# Happy Hours Collaboration with Leaders Club

20th November 2022

The EVENT CLUB under STUDENT CLUB of JDCEM organize an event in collaboration with LeadersClub. Our Event Name is "Happy Hours". In this event we celebrate the Children's Day with the children by doing different fun activities with Childrens. event started with providing snacks and refreshments to children for enlighten their mood and make them feel comfortable. The program started with the lighting of lamps and the Chhatrapati Shivaji Maharaj mantra. After that, the music program started with a famous personality Shubham Chopkar aka "The Bansuriwala" and his band. But the main attraction of the programs was the performance given by the children they were full of energy and enthusiasm. Also there were some fun games prepared for enjoyment such as ludo, snake n ladders and many more. And at the end of the event the gift distribution and the jamming session were held to admire the presence of all the people. The main objective of this event is to make under privilege children happy. To admire their talents. To make them feel special. To make their day special.

# VISUAL ARTS CLUB

VAC "The Visual Arts Club" works as an eye of the student club covering and creating memories of each and every event under the banner of Student Club with their photos and videos as their mains. VAC is not only about photos and videos but we also support other clubs in management of their events providing managerial and technical support. VAc works as a backstage support for the everfrom the pre promotion to post promotion. Visual Arts Club also handled the social handles of the student club. The contents on the student club Handel's is created and captured by VAC.

# Visuals Up

This was 2nd and 3rd day session of Visual up of 5 days workshop sponsored by All India of Technical Education (AICTE) under SPICES hosted by the Visual Arts Club. Mr. Tushar Jaiswal, the founder of Dark Sky Studios Nagpur, served as the guest faculty speaker on day 2 & 3. On preparations for the session were completed before 1 pm with the members of the club and participants were called for attending the event from 1:50 pm in Conference Room, JD College of Engineering and Management. Marshneel Patil, Head Visual Arts Club, gave the official opening keynotes in the afternoon to kick off the event. On 2nd day session, the speaker's opening remarks about the practical knowledge of long explorer photography. Speaker also explained about the stability in the photography and video, importance of focus and autofocus while holding camera and concept of Calvin Theory.

## Posters Created by Visual Arts Club for SPICES

## Collaboration with IETE department for Garba vibes 2k23

This event was conducted by IETE FORUM of ETC department on the occasion of Navratri. Our club members, worked for event to meet the needs of organizing team. Promotional posters were floated before a week of event, with promotional messages and registration link attached for participation. Our team have designed main banner of event, standees poster and vertical posters. The objective is to provide digital contents for Garbha Vibes 2K22. To promote Garbha Vibes 2K22 through social media platforms.

# News Adda

24 January 2023

News Adda is the first official channel of JD College of Engineering and Management Nagpur. This platform promotes upcoming and ongoing events and activities of various clubs, forums, and the college's other bodies.

Ms. Priyanka Patel is an anchor and reporter of the activity. Our team reached the location for shooting at a decided time and began to start shooting. We have much news for the first part, and we have very beautiful shooting locations for news, so we have tried to cover every best aspect of our college campus.

Our team prepared the news script before the day of shooting and sorted the main highlights for the shoot. The News Adda series is directed and produced by the Visual Arts Club team. The primary objective would be to keep students, faculty, and staff informed about important events, announcements, and developments within the college campus. This could include updates on academic programs, extracurricular activities, campus facilities, guest lectures, workshops, and other relevant information. The promotion of campus activities through the news channel leads to a higher level participation and involvement among students, faculty, and staff in various events

# LADIES CLUB

Women Empowerment, Gender Equality and Human Rights are the guiding principles for Ladies Club. We aim to make a positive impact in the journey towards an intellectually prosperous society by conducting events that promote these principles. Ladies Club benefits the students with an educational, uplifting, and welcoming atmosphere.

We regularly host events that not only contribute to gender equality but also help students develop various skills like teamwork, time management, personal development, and a sense of social duty. We also provide a safe and supportive environment for women to share their thoughts and challenges.

# Beat Diabetes

The Ladies Club under Student Club had organised a FREE DIABETES CHECK-UP CAMP in collaboration of Dr. Sunil Gupta Diabetes centre and SRL Diagnostics at Indoor Stadium, Mankapur, Nagpur and Japanese rose Garden, Nagpur. The success of this event has turned out more than we expected. "We successfully conducted 200+ tests within three hours." It gave us a sense of purpose, the volunteering enhanced our overall sense of purpose and identity. This is because helping others can make you feel rewarded, fulfilled and empowered. As said that, social work empowers individuals through a variety of different tactics and "Sooner or later your work speaks for itself". We hope our work inspire others to contribute and support the well being of the society.

# Muskaan

11th-14th November 2022

On the occasion of children's day, the birth anniversary of Dr. Jawaharlal Nehru. "Ladies Club" under the Student Club, organized an event "MUSKAAN . the venue of the event is "Zilla Parishad Primary school, Khandala". From 11th-14th November Packed with Four days of fun and learning activities and Children's Day Celebration.

- Fun with colours
- English and Moral values
- Games and dance
- Children's day celebration Spreading joy and cheerful smile on the children faces!!

# CREATIVE CLUB

To make College environment more creative and interesting. The club focuses on churning out different ideas from students which turn helps in enhancing their individual thinking and perspective. Selecting the best idea and implementing that, helps in improving learning, decision making, imagination, collaboration and teamwo among students. Creative Club helps students to enhance their creative skills.

# Art Drive

Date: 19th March 2023

The Creative Club at JD College of Engineering and Management organized an exhilarating event called "Art Drive 2023". This event took place in Japanese Garden, a serene and scenic location that provided the perfect backdrop for students to immerse themselves in the world of art. It provided students with a unique opportunity to explore their artistic abilities, connect with nature, and create meaningful works of art in a vibrant outdoor setting. The event not only encouraged artistic expression but also fostered a sense of community and collaboration among the participants. The Art Drive left a lasting impression on all those involved, further igniting their passion for art and affirming the importance of creativity in all aspects of life.

## Upcycling of Clothes Workshop

17th November 2022

On November 17th, 2023, the Creative Club at JD College of Engineering and Management organized an inspiring workshop on the upcycling of clothes, where students not only learned sustainable fashion practices but also created a range of innovative bags, pouches, and other accessories. It not only empowered students with valuable knowledge about sustainable fashion practices but also provided them with practical skills to transform discarded garments into functional and fashionable accessories. The workshop showcased the students' talent, creativity, and commitment to making a positive environmental impact.

# Warli Doodle Workshop

Date:16th November 2022

On November 16th the Creative Club at JD College of Engineering and Management organized an enchanting Warli Doodle Workshop under the Induction Program 2023, bringing the captivating world of traditional Indian art to the campus. Held in the spacious art studio, the workshop aimed to introduce students to the beautiful art form of Warli and ignite their passion for creative expression through doodling. It not only introduced students to the mesmerizing art of Warli but also instilled in them a deeper appreciation for cultural heritage and the power of art to transcend boundaries. The workshop served as a reminder that creativity knows no limits and has the ability to unite individuals from diverse backgrounds in a shared artistic journey.

Venue decorations done by creative club for Student Club Reinstallation

# MUSIC CLUB

"Music free our soul from dugeon of our mind."

Music club provide platform to uplift and inculcate rhythm of music in student's life. The club performs abundant musical concerts,workshops,training programs across the year and it augments the warmth of music among students even by participating in SPICMACAY, INDRADHANUSH etc. Music club not only focuses on the development in musical skills, but also on many other skills such as leadership, discipline, team management and so on. Music club works enthusiastically across the year and specifically in occasions like VIBRANCE, Republic day, Independence day etc.

## Glimpses of the Induction Program

The main objective was to give basic and brief introduction about instruments and music club. This event was organized to enhance musical knowledge in a fun way. Students will get to learn about many instruments and vocal skills by the end of this event. Around 40 students participated in the event. Guitar tutorial given by Manish Gurve. Tabla Tutorial given by Prajwal Mohokar

## Glimpses of the performance given by Music Club

# Voice and Rhythm Workshop

This Voice and Rhythm 5 days workshop sponsored by All India Council of Technical Education (AICTE) under SPICES hosted by the Music Club. Mr. Milind Jibhe and Mr. Khushal Bhojar served as the guest faculty speaker from day 1 to day 5.

On day preparations for the session were completed before 1 pm with the members of the club and participants were called for attending the event from 1:50 pm in Music Room, J D College of Engineering and Management. Mr. Gurve, Head Music Club, gave the official opening keynotes at 2 o'clock in the afternoon to kick off the event. Mr. Samir Mangam, Member Music Club, presented an enveloped letters and saplings as a symbol of appreciation to the speaker.

In 5 days music workshop students learned this things:

Day 1-Basic introduction of music given by sir.

Day 2-Basic information about scales and alphabets.

Day 3-Basic introduction about the keyboard and songs played on a keyboard. Day 4-Due to some reasons, day 4 workshop was postponed.

Day 5-Basic information about guitar, scales and chord progression. The session was 4 pm thanking the Peaker for presence significant words.

# LITERARY CLUB

To provides a opportunity where students meet to read and write, and gives wings to your imagination. To enhance the literary skills of the students, the club inspires students to develop a taste for literature and also works in the direction of expanding their horizon of spoken and written language.

# Book Donation drive

15th January 2023

The literary Club under the Student Club of JDCEM organized "book donation drive ", a book donation event this event conducted to celebrate world kindness day. A step taken by the students for the needy people of society who have been hit the worst by the pandemic. This event was performed near national fire service college. In this event all the student of literary club participated very actively. Every member of the literary club contribute to buy all the stationery material required for studies .We bought the stationery and the other materials that were required for studies from the amount that was collected. stationery After that we gathered some children from nearby areas who and gifted the a books . the objective of the event was organized to help those students who can't afford it. Every face had a smile and every soul was happy. Kindness is the key to everything.

# KAUSHALYA CLUB

The Kaushalya club aims to impart skill training to present generation youths and make them grow as responsible citizens. The club helps to impart and inculcate Socio-Cultural values in students via various in-campus & out-campus activities. We conduct activities and events by taking fresh ideas & inputs from the student community. This enables students to present their views and understand their role in the bigger picture.

# Nukkad Natak On Stress Awareness

1st December 2022

The activity was organised by Kaushalya Club in collaboration with department of Electronics and telecommunication the nukkad natak Activity is conducted at college premises The main objective of event was to how to handle stress ,spread stress awareness in students also to create stressless environment in college.

## Joy Of Giving

.The activity was organised by Kaushalya Club in collaboration with To share knowledge, engage in promoting creativity, introduce technology and spreading happiness.The main objective is to interact with the orphanage girl students. To aware the orphanage children regarding social, competitive and Technology world. Four days visit in month planned activity to spread happiness and unlocking the potential of orphanage home. The date of the visit are 21st April 2023, 29th April 2023, 31st April 2023, 6th May 2023.The venue is Shaskiya Muliche Balgruh, located in Sadar Nagpur.

On 21st April 2023

the Scologamma Forum of CSE AI department collaboration with Kaushalya Club. The visit aimed to interact with the children and share knowledge with them in technology

On 31st April 2023,

The focus was on engaging the children through technology-related activities, sports, and organizing a special event. The committee members made efforts to interact with the children, share interesting stories related to technology.

On 6th May 2023,

The objective was to conclude the series of engagements and bid a memorable farewell to the children.

# DRAMA CLUB

Drama Club is designed for students interested in learning more about the aspects of theatre. It provides platform to students who has talent, confidence and passion to do something unique. Drama Club promotes communication skills, teamwork, dialogue, socialization, stages terminology, working on acting skills, etc. It stimulates the imagination and creativity; it develops the better understanding of human behavior and empathy with situation.

# Collaboration with Nagpur Ploggers

Driven by our commitment to make a positive impact on society, we joined forces with Nagpur Ploggers to conduct a plogging drive. This collaborative initiative aimed to raise awareness about the importance of cleanliness and environmental sustainability. With unwavering dedication, our club members actively participated in the drive, contributing to the cleanliness of our surroundings.

## Spring fest Audition

We embarked on our session with boundless enthusiasm, setting our sights on the drama competition organized by IIT Kharagpur for their Spring Fest. I am thrilled to announce that our team's outstanding performance secured us a well-deserved place in the finals.

# Hallabol

we had the privilege of showcasing our talent at the esteemed Aarohi event "Hallabol" held at VNIT, where we were also selected as finalists, adding another feather to our cap.

Art performance on the occasion of our National festival 75th independence day

Recognizing the significance of guiding and inspiring new comers, we dedicated a two-hour drama session specifically for first-year students during the induction program.

# DANCE CLUB

Dance Club provides opportunities to dance lovers to prove their talent and is a good platform for them to have their artistic exploration. It also helps non-dancers to develop a new skill. The dance club is to boost up the morale of students and to highlight the talent of dance and creativity.

### **Glimpses of Induction Program**

Dance had organized a Zumba dance for the Induction Programme of first year the main objective was to give basic introduction about different type of Dance form as well as for how the dance help on for physical fitness the event is organized to enhance Dance knowledge in a fun way. Students will get to learn about many dance moves . Around 200 students participated in the event. tutorial given by Dhananjay Dongre and Team.

### **Glimpses of Spring Fest**

# PUBLICITY CLUB

A Publicity Club focuses on promoting events, activities, and initiatives happening within the college. Members of the club work on creating and executing marketing and promotional strategies to raise awareness and generate interest in various college-related events, such as workshops, seminars, cultural events, fundraisers, and more. The club often utilizes various communication channels, including social media, posters, flyers, emails, and word of mouth, to effectively spread the word and engage the college community. Publicity Club offers an immersive learning experience. Students master strategic communication, marketing techniques, and event planning. Collaboration with diverse members hones teamwork and creativity. Time management, adaptability, and leadership skills naturally develop as students promote events. This practical knowledge, coupled with networking opportunities, prepares students for real-world challenges, making the club an invaluable learning ground for various domains

# 60 minute straight

Date : 3rd October 2023

the Publicity Club organized an exceptional event at JD College of Engineering. The "60-minute Straight" program took place in the esteemed Dr. A.P.J. Abdul Kalam Auditorium and drew a diverse crowd of enthusiastic students. The podcast showcased two accomplished alumni who had achieved remarkable success in their respective careers abroad. The alumni's narratives provided a glimpse into the challenges and triumphs of working in foreign countries, inspiring and motivating the aspiring students. The interactive session allowed students to pose thought-provoking questions, seeking guidance for their own future careers. The seniors patiently addressed each inquiry, fostering a nurturing environment where doubts were dispelled and aspirations were ignited.

The event served as a convergence of enlightenment, entertainment, and empowerment. Students not only gained invaluable knowledge from the accomplished alumni but also found reassurance that their dreams of success were within reach

## Mental Health Awareness

On October 10, 2022,

Publicity Club of JD College of Engineering and Management organized a significant event to commemorate Mental Health Day. Within the confines of the college, a podcast was arranged, featuring Dr. Surbhi Pranav as the esteemed guest speaker. Dr. Pranav delved into the importance and benefits of good mental health care, shedding light on this crucial topic. Despite the event being held online, the student interaction was highly engaging and interactive. With an estimated live student count of around 600, the virtual session buzzed with enthusiasm and participation. Students actively listened to Dr. Pranav's insights and shared their thoughts and experiences related to mental health care

In conclusion, the Mental Health Day podcast organized by the Publicity Club at JD College of Engineering and Management was a thought-provoking and informative event.

# INNOVATA CLUB

The Innovata Club is a space in our college that brings together students fascinated by startups. It blends organized learning with the thrill of innovation. Through workshops and guest talks, we gain insights into startup essentials like ideation, funding, and more. This structured approach harmonizes with the dynamic atmosphere created by diverse minds collaborating and exploring creative pathways. This balance empowers members to bridge theoretical knowledge with real-world startup experiences, making the Innovata Club an exciting launchpad for entrepreneurial journeys.

# NFWT

13 Jan 2023

INNOVATA CLUB under STUDENT CLUB have organized an event 'Design With NFWT' with a great deal of fun & The event involved the creation of a design for wearable clothes where design made by using any kind of your preferable software or by designing on paper as well.

# GAMING CLUB

Gaming Club is dedicated to bringing together individuals who share a common interest in playing and discussing video games, board games, card games, and other forms of interactive entertainment. The club provides a space for gamers to connect, socialize, and engage in various gaming-related activities. These activities can include gaming nights, tournaments, workshops, discussions, and more. The club aims to foster a sense of community among like-minded students who enjoy gaming and provides opportunities for members to explore different games, learn new skills, and connect with others who share their passion for gaming.

# Beats the Beak

sunday,29th,January

The gaming club under the banner of students club is conducting an awareness drive for the cause of saving our scavengers.

Did you know that in 1980 south asia alone had over 40 million Vultures ,but now in 2022 the estimate population of vultures are fewer than 20000 because of veterinary drugs diclofenac. They are extremely endangered but they are not extinct there are organization who are still working on reviving there population. And we still haven't lost hope so here we are taking a small step to speak for our natural cleaner and spreading awareness among society to take small steps as an individual and community.Informing people about the advantages and importance of vultures in nature and food cycle.

## Game Fest

The Gaming Club is organised an event "GAME FEST" which is very first gaming event. We have organised kinds of games 1. Free fire max. 2. Shadow fight. 3. 8 ball pool. 4. LUDO King . Free fire max will be streamed live on YouTube . So we provided a bigger opportunity for gamers to show there gaming .We also conduct a prize pool in each game and winners of each game was rewarded with the prize.

# CODING CLUB

Coding club is where individuals with an interest in programming and computer science come together to collaborate, learn, and work on coding projects. It's a platform for students to enhance their coding skills, share knowledge, and explore various programming languages, technologies, and software development practices. Coding clubs often host workshops, coding competitions, hackathons, and guest speaker events to provide valuable experiences beyond the regular classroom curriculum.

# Data Pirates Workshop

Coding Club has organized a Event Data pirates workshop on Data Analysis w/ Python, which turned out to be quite insightful and enlightening for the attendees. A guidance session by eduladdr about building a sustainable career in IT also a key highlight.

## Domain Exploration

Date 3rd May 2023

Event started with the welcome of faculty members and students after that introduction about coding and programming was given by head of coding club Mr. Sunny Mandal. He explained about application development its was a interactive session with audience. After that the member of coding club Mr. Himanshu Deshmukh explained about web development.He talks about HTML, CSS and JavaScript and give introduction about front end and Back end development.And at the last cohead of coding club Mr. Sahil Lambat explained about data analytics and AI ,ML. He talked about various trending technologies like chatgpt, NLP, data visualization, machine learning models,etc. He also talked about the roadmap to become a Data analyst and Data scientist.After this their is qna session mentors cleared the doubts of the audience after the the session in concluded.

# ROBOTICS CLUB

**A Platform where imagination meets automation**

Robotics Club is a dynamic community of students passionate about robotics. It serves as a hub where members collaborate on designing, building, and programming robots for various applications. Through hands-on experiences, workshops, and friendly competitions, students gain practical skills in robotics, from mechanical design to coding. The club encourages creativity and innovation, offering a platform to explore cutting-edge technologies and develop real-world problem-solving abilities. It's a space where students can engage in exciting projects, expand their knowledge, and forge connections with like-minded peers who share their enthusiasm for the field of robotics.

# Info Tech

Robotics club has organized a Event Infotech. The chief guest of our event Mr. Manish Maurya the co-founder of Makxenia company nagpur. on is a short intro about the robotics club. The session is on robots and gave some informational talks regarding robots and the company which turned out to be quite insightful and enlightening for the attendees.

## A Day with Google

19th Nov 2022

A Day with Google is a flagship community-led tech conference from GDSC JD COEM .

## Flutter Forward Extended Nagpur

04th Feb 2023

Flutter Forward Extended the event was broadcasted live for developers around the world, Google Developer Experts in Flutter were exclusively invited to join the product team of Flutter in person at this event.

## Launchpad

10th Apr 2023

GDSC JD COEM's orientation cum tech conference for GDSC members and first year students.

# ROTARACT CLUB

Education to Eternity

# Sankalp

SANKALP was a free health checkup camp, which includes various types of health checkups. It was the collaborative event of RAC JDCOEM and Medminia. This event aimed to help and deliver proper Medication to needy ones. We succeeded in this event by treating 300+ Patients and giving free consultations.

# MAHADAN 8.0

MAHADAN 8.0 was the Blood Donation Camp. It was a small help to save someone's life by collecting substantial units of blood which will be further used to save life. We succeeded in this event by collecting a total of 69 blood units.

# TEDx Ambazari Lake

TEDx Ambazari Lake was a collaborative event of RAC JDCOEM and GDCS JDCOEM. The motto of this event was to unlock potential with TED a global community dedicated to spreading ideas and inspiration, from technology to creativity and science to business.

## Rotract Conclave

"Conclave," a knowledge seminar, offers youth insights into diverse domains, fostering growth. Accomplished speakers from various fields enrich the event by sharing their journeys, wisdom, and experiences. This platform facilitates learning, igniting passion and ambition among attendees, and paving the way for their holistic development and success.

## TRASH CAPITAL

TRASH CAPITAL was the event of collecting old newspapers, books, and magazines, and selling them to raise funds for notable causes. We donated these funds to the Rotary Foundation which is utilized for the welfare of the needy by providing Food, water, support education, medical facilities, hygiene sanitation, and many more, it is a small effort from our club toward valuable change.

## Diwali milan

DIWALI MILAN was a collaborative event of RAC JDCEM, RAC PCE, AND RAC RCOEM The motto of this event is to increase the fellowship between the clubs. The event was filled with games, dance, and food, the memories and the bonds that our members formed in this event will be cherished forever

# Sashakt 3.0

# SASHAKT 3.0

The sashakt event is organised by Ladies Club every year Under the banner of ICC and Student Club. Many activities are conducted in this event regarding the social topics . to introduce. our objective is To share knowledge, engage in meaningful activities, promote creativity, introduce technology and spreading happiness. The Ladies Club under the Student Club is thrilled to announce the third edition of our empowering Event SASHAKT 3.0. An event that celebrates strength and resilience of women with motto "Sashakt Nari, Sashakt Bharat".

the event is filled with inspiring speakers, informative seminar, engaging activities, and special guest appearances that will guide and help you to grow and thrive.

# Social Entrepreneur

21st March 2023,

the session on Social Entrepreneurship was conducted by Mr. Joy Agrawal, a 16-year-old social entrepreneur and a 2x TEDx speaker for the students at our college at the APJ Abdul Kalam Auditorium

the objective of workshop is to leverage small efforts to produce maximum change through social enterprise and social innovation. To engage the students in solving their own problems, to attract impact investments, and to build replicable and sustainable models of practice. The seminar taught the students that every entrepreneur or hopefuls, that the key to success is to first think of the social benefits of your venture, even if yours is for profit, then go ahead to satisfy those needs, and the money will sure come.

# Financial Literacy

20th March

This event is organized by Ladies Club under the banner of ICC at APJ Abdul Kalam auditorium.

Dr. Kanchan Naidu's dynamic and cheerful session on the Stock market and Financial dimensions left us feeling refreshed and empowered.

The event was organized to indulge the ability in the students to understand and use various financial skills, including personal financial management, budgeting, and investing. They will learn a variety of important financial skills and concepts and be less vulnerable to financial fraud. And build a strong foundation of financial literacy.

# Cybersecurity & Internet Safety

5 April 2023

The Ladies Club in collaboration with the Coding Club had organised a session on "Cybersecurity and internet safety" in Sashakt under the banner of ICC and Student Club. The event was remarked by the presence of Shri. Archit Chandak, DCP, economic offences wing and cyber crime, Nagpur.

# Fun hours with supporting staff

Date 23 March 2023

On the 3rd day of Sashakt 3.0 under the banner of ICC, the event was mainly conducted for the female non-teaching and supporting staff of JD College of Engineering and management in by the members of ladies club in Dr APJ Abdul Kalam Auditorium JDCOEM.

first, they were shown an Oscar winning documentary “The Elephants Whisperers”

Active participation of the audience made the game more fun. After that, the event was further carried by an open interaction session where they were asked to show up their talents on the stage. This made them more excited and encouraged. Many dance and singing performances were shown up. It also included some fun tongue twisters and many more. After the interacting session, a motivational short film was played. The event was to appreciate the non-teaching and supporting staff for their unconditional efforts. The event aimed to give them a break from their usual work and have some fun activities. It was to show a little gratitude to the supporting staffs and recognize their contribution towards the engineering community.

Education to Eternity

# Annual Sports

# Annual Sports

The Annual Sports and Faculty Sports stands as a spirited celebration of athleticism, camaraderie, and healthy competition within the college community. This grand sports extravaganza, orchestrated by the students, is a vibrant showcase of sportsmanship that brings together participants from all corners of the campus.

The Annual Sports segment of the event is a platform where students of varying skill levels engage in a wide array of sports and games. From track and field events that showcase speed and agility to team sports that exemplify coordination and strategy, this segment caters to diverse sporting interests. The event ignites a sense of participation, encouraging students to push their physical limits while fostering a strong sense of unity and school spirit.

On the other hand, the Invictus segment is an embodiment of competitive zeal and indomitable spirit. Drawing inspiration from the Latin word meaning "unconquered," Invictus represents a challenge for athletes to give their all, leaving nothing to chance. This segment often includes intense contests that test endurance, strength, and resilience, symbolizing the unconquerable determination that lies within each participant.

The Annual Sports and Invictus event transcends the boundaries of physical activity. It binds the student body through shared experiences, creating lasting memories and fostering a sense of belonging. The event not only celebrates individual achievements but also reinforces the idea of collective effort, teamwork, and the pursuit of excellence.

In essence, this event is a dynamic tapestry woven with the threads of sportsmanship, camaraderie, and unwavering determination. It reflects the college's commitment to holistic development, showcasing that beyond textbooks, the campus is a breeding ground for physical prowess and competitive spirit.

# Vibrance 2k23

# Vibrance

"Vibrance," JDCOEM's marquee event, is a vibrant and kaleidoscopic celebration of creativity and talent that radiates across a multitude of artistic domains. This grand event provides a spectacular platform for students to unfurl their artistic prowess, be it through mesmerizing dance performances, soul-stirring musical renditions, compelling dramatic acts, or innovative displays of creativity, publicity, and anchoring.

At the heart of "Vibrance" lies the passionate spirit of students who bring their artistic dreams to life. The event serves as a showcase for their boundless creativity and unbridled enthusiasm, captivating the audience with performances that range from graceful ballet to high-energy hip-hop, from melodious solos to harmonious ensembles, and from thought-provoking theatrical productions to ingenious displays of creative artistry.

But "Vibrance" is more than just a stage to display talent; it's a hands-on learning experience in event management and coordination. Behind the scenes, students gain practical insights into organizing a grand cultural extravaganza. From planning and logistics to marketing and public relations, the event offers an invaluable opportunity for students to understand the intricacies of conducting a multifaceted event on such a scale.

Moreover, "Vibrance" creates a sense of camaraderie and unity among the student body. Collaborative rehearsals, brainstorming sessions, and late-night preparations foster a strong sense of community and teamwork, embodying the spirit of togetherness that makes such events successful.

In essence, "Vibrance" is not just an event; it's a tapestry of passion, creativity, and experiential learning. It showcases the multifaceted talents of students while imparting them with the skills and knowledge needed to orchestrate a grand cultural event. This annual celebration stands as a shining testament to the vibrant and dynamic spirit that courses through the veins of JDCOEM's student community.

# Brainwaves

"Date 1st March 2023,

Brainwave," the flagship technical event of JDCOEM, stands tall as an impressive amalgamation of innovation, intellect, and engineering prowess. This grand event brings together students not only from JDCOEM but also from other esteemed institutions, creating an electrifying atmosphere of healthy competition and knowledge sharing. Across diverse departments, a plethora of technical competitions challenge the participants to push their boundaries and showcase their technical acumen. From robotics to coding challenges, from innovative project displays to complex problem-solving contests, Brainwave's diverse array of activities serves as a true litmus test of the students' engineering capabilities. Beyond the adrenaline-fueled competitions, the event fosters a spirit of camaraderie and collaboration, as young minds interact, exchange ideas, and forge connections that extend beyond the event's confines. Brainwave, with its impressive scale and intellectual fervor, has rightfully earned its place as an essential milestone in JDCOEM's academic calendar, igniting a spark of innovation and learning that continues to illuminate the path for future engineers.

Education to Eternity

# Sandishya

# SANDISHYA

"Sandhishya" is an endearing and heartfelt event orchestrated by fellow students as a poignant farewell for those reaching the pinnacle of their academic journey – the final year students. It stands as a testament to the bonds and memories woven over the years, and as a platform to bid a fond adieu to friends who are about to embark on new horizons.

This event, infused with sentiment and camaraderie, is a labor of love, carefully crafted to create lasting memories. Through a blend of emotional speeches, reflective presentations, and engaging performances, "Sandhishya" encapsulates the cherished moments and experiences shared throughout the academic years.

For the final year students, "Sandhishya" is a bittersweet moment, a realization that their time within the academic embrace is drawing to a close. It offers a space to reminisce, celebrate achievements, and contemplate the exciting journey that awaits beyond the campus gates.

The event echoes the unity and resilience of the student community, as it not only brings together classmates but also embodies the larger family of the institution. Through heartfelt messages, anecdotes, and laughter-filled conversations, "Sandhishya" reinforces the indelible connections forged during the transformative years of education.

In essence, "Sandhishya" is a poignant tapestry woven with threads of friendship, camaraderie, and nostalgia. It's a farewell that transcends mere words, etching profound memories in the hearts of the departing students and serving as a reminder that while the academic journey concludes, the bonds formed remain steadfast and enduring.

# International Conference

Date :- 19th & 20th December, 2022

The International Conference on Engineering Innovation provides a premier global platform where engineering students converge to showcase their projects and deliver insightful seminars. This distinguished event transcends geographical boundaries, drawing participants from around the world who are united by their passion for technological advancement.

At this esteemed conference, budding engineers unveil their innovative projects that exemplify their dedication, creativity, and problem-solving skills. These projects span diverse engineering disciplines, ranging from cutting-edge software applications to sustainable infrastructure solutions. With each presentation, attendees gain a comprehensive understanding of the project's objectives, methodologies, and potential real-world impact.

The seminars delivered by the students are a highlight of the conference, offering a deeper dive into the projects' intricacies. Through eloquent communication and comprehensive explanations, presenters share their experiences, challenges, and breakthroughs. This interactive dissemination of knowledge fosters a collaborative environment, where participants can engage in insightful discussions and pose thought-provoking questions.

The international character of this conference enriches the experience further, as attendees are exposed to a wide array of cultural perspectives and engineering approaches. Networking opportunities abound, enabling participants to forge connections with like-minded individuals from diverse corners of the world.

In essence, the International Conference on Engineering Innovation is not just an event; it's a nexus of innovation, education, and global exchange. It stands as a testament to the universality of engineering excellence and the boundless potential of collaborative learning on an international scale.

# JD Connect

Date : 29th March 2023

"JD Connect" serves as a pivotal bridge between academia and industry, an event where the realms of education and real-world application seamlessly intertwine. With a strategic focus on fostering a deeper connection between students and industrialists, JD extends a cordial invitation to accomplished professionals from various industries. This unique interaction platform allows industrialists to impart their wealth of intra-industry experiences, offering students a rare glimpse into the intricacies and practicalities of their respective fields. By sharing anecdotes, challenges, and success stories, these industrialists facilitate a two-way exchange of insights, enlightening students about the ever-evolving demands of the professional world.

"JD Connect" emerges as a symbiotic platform, as students absorb invaluable wisdom while industrialists gain fresh perspectives from the budding talents of tomorrow. Beyond mere knowledge transfer, this event sparks discussions that span from emerging trends to current challenges, paving the way for a more informed, prepared, and industry-ready generation of graduates. The seamless blending of theory and practice through "JD Connect" not only enriches students' learning experiences but also nurtures an environment of collaboration and innovation that benefits both academia and industry alike.

# HR Conclave

Date : 4th May, 2023

The HR Conclave served as a dynamic platform where distinguished HR professionals from diverse industries converged to share their invaluable insights with eager engineering students. This event facilitated an interactive exchange of experiences, enabling the students to gain firsthand knowledge about the practical nuances of the corporate world. Through introductions and discussions, the HR luminaries offered a comprehensive overview of their professional journeys, highlighting the challenges they've faced and the strategies they've employed to navigate the ever-evolving HR landscape. This interaction not only broadened the students' understanding of the real-world HR scenarios but also provided them with a glimpse into the skills and competencies required to excel in this field. The HR Conclave undoubtedly bridged the gap between theory and practice, empowering the future engineers with the wisdom and foresight necessary to thrive in their careers.

# Industrial Academy Meet

## Date

The Industrial Academy Meet represents an exceptional convergence of academia and industry, embodying a visionary approach to bridging the gap between theoretical learning and practical application. Distinguished industry leaders and position holders are extended a warm invitation to engage in a meaningful dialogue with eager engineering students, creating an invaluable platform for knowledge exchange and insights. This event serves as a nexus where theoretical concepts find resonance in real-world scenarios, offering students a rare opportunity to interact directly with professionals who have navigated the complexities of the industrial landscape. The industrial position holders, with their wealth of experience, share anecdotes, challenges, and triumphs, offering a candid view of the dynamics at play beyond the classroom. Through interactive discussions, students gain a comprehensive understanding of the intricate interplay between theoretical principles and practical implementation. The insights shared during these sessions extend beyond textbooks, illuminating the nuances that can only be grasped through hands-on experience. The Industrial Academy Meet also serves as an incubator for inspiration, as students are exposed to real-life success stories that underscore the transformative potential of engineering in various industries. The connections forged during this event transcend its duration, with students benefiting from the wisdom and guidance of industry experts long after the meet concludes. Ultimately, the Industrial Academy Meet stands as a testament to the symbiotic relationship between academia and industry. It fosters an ecosystem where theory informs practice and where students are equipped not just with technical knowledge, but also with the vision and acumen necessary to make a lasting impact in their chosen fields.
