"To be a centre of excellence of learning and research in Mechanical Engineering."

MISSION

1. To provide high quality, innovative and research environment in Mechanical Engineering.
2. To impart soft skills and hard skills to achieve the institutional vision.

Report on Seminar on Careers in Design Software

Held on: 10-May-2023

Time: 10.30 to 12.30 A.M.

Venue: Mechanical Engineering Department

Rationale/Concept of the Event:

The Seminar on Careers in Design Software aimed to provide participants with insights into career opportunities related to design software in the field of Mechanical Engineering. Prof. Rohit B. Sharma, the coordinator, organized the event to help students explore diverse paths in the design software domain. Mr. Pravin Jadhav, the guest speaker, shared his expertise on careers in this niche.

CO Mapping and Attainment:

The seminar significantly contributed to the attainment of course outcomes by enlightening students about the applications of design software in the industry. It emphasized the importance of mastering design tools for engineering tasks.

Pre-event Feedback:

1. "Exciting opportunity to learn about career paths related to design software in our field."
2. "Great initiative to bring in an industry expert like Mr. Pravin Jadhav."
3. "Hope to gain insights into practical applications and industry demands for design software."

Objectives:

1. To introduce students to diverse career opportunities in design software.
2. To provide insights into the practical applications of design software in the industry.
3. To connect students with an industry expert, Mr. Pravin Jadhav, for a deeper understanding of careers in design software.

Modalities: (How the Event Was Conducted)

The seminar included a presentation by Mr. Pravin Jadhav, followed by a Q&A session where students could gain further clarification on design software careers. The interactive format allowed for engaging discussions and knowledge sharing.

No of Attendees:

Approximately 25 students and faculty members attended the seminar.

Financial Implications:

The event incurred expenses related to venue arrangements, promotional materials, and speaker honorarium. The total expenditure was INR 3300. Detailed financial reports are available upon request.

Post-event Publicity:

Efforts were made to highlight the success of the seminar through online platforms, showcasing the valuable insights gained from Mr. Pravin Jadhav's expertise in design software careers.

Post-event Feedback:

1. "Insightful seminar, gained a deeper understanding of career opportunities in design software."
2. "Connecting with an industry expert like Mr. Pravin Jadhav was a unique and beneficial experience."
3. "Appreciate the effort in organizing events that provide insights into niche career paths."

Outcome:

1. Increased awareness of diverse career opportunities in design software.
2. Enhanced understanding of practical applications and industry demands for design software.
3. Positive feedback from attendees highlighted the success of the seminar in achieving its objectives and providing insights into specialized career paths.

Mapping & Attainment (CO/PO):

Report on Seminar on Entrepreneurship Development

Held on: 22-Jul-2023

Time: 10.30 to 12.30 A.M.

Venue: Mechanical Engineering Department

Rationale/Concept of the Event:

The Seminar on Entrepreneurship Development aimed to inspire and guide students on the path of entrepreneurship in the field of Mechanical Engineering. Prof. Parvin M. Gupta, the coordinator, organized the event to expose students to the possibilities of creating their ventures. Mr. Arun Verma, founder, and CEO of Shubhangi Castings, shared his entrepreneurial journey and insights.

CO Mapping and Attainment:

The seminar significantly contributed to the attainment of course outcomes by introducing students to the entrepreneurial mindset and encouraging them to consider alternative career paths. It emphasized the importance of innovation and risk-taking in the professional world.

Pre-event Feedback:

1. "Exciting opportunity to learn about entrepreneurship and starting our ventures."
2. "Great initiative to bring in an industry expert like Mr. Arun Verma."
3. "Hope to gain insights into practical challenges and successes in entrepreneurship."

Objectives:

1. To inspire students to consider entrepreneurship as a career path.
2. To provide insights into the practical challenges and successes of entrepreneurship.
3. To connect students with an industry expert, Mr. Arun Verma, for a deeper understanding of entrepreneurship in the mechanical industry.

Modalities: (How the Event Was Conducted)

The seminar included a presentation by Mr. Arun Verma, sharing his entrepreneurial journey, challenges faced, and lessons learned. A Q&A session allowed students to interact with the speaker and gain more personalized insights.

No of Attendees:

Approximately 33 students and faculty members attended the seminar.

Financial Implications:

The event incurred expenses related to venue arrangements, promotional materials, and speaker honorarium. The total expenditure was INR 3200. Detailed financial reports are available upon request.

Post-event Publicity:

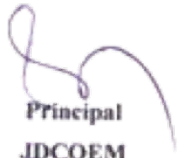

Efforts were made to highlight the success of the seminar through online platforms, showcasing the valuable insights gained from Mr. Arun Verma's entrepreneurial experience.

Post-event Feedback:

1. "Inspiring seminar, gained valuable insights into the entrepreneurial mindset."
2. "Connecting with an industry expert like Mr. Arun Verma was a unique and beneficial experience."
3. "Appreciate the effort in organizing events that encourage us to think beyond traditional career paths."

Outcome:

1. Increased awareness of entrepreneurship as a viable career path.
2. Enhanced understanding of the practical challenges and successes in entrepreneurship.
3. Positive feedback from attendees highlighted the success of the seminar in achieving its objectives and inspiring students to consider entrepreneurial ventures.

Report on Alumni Meet

Held on: 19-Dec-2022

Time: 10.30 to 2.30 P.M.

Venue: Mechanical Engineering Department

Rationale/Concept of the Event:

The Alumni Meet aimed to foster connections between the Mechanical Engineering department and its esteemed alumni. Prof. Rohit B. Sharma, the coordinator, organized the event to provide a platform for alumni to share their experiences, insights, and career journeys. The meet encouraged networking opportunities among alumni and current Mechanical Engineering students.

CO Mapping and Attainment:

While the Alumni Meet may not directly contribute to specific course outcomes, it enhances the sense of community and offers students valuable insights into the practical applications of their mechanical engineering education through alumni experiences.

Pre-event Feedback:

1. "Exciting opportunity to interact with successful Mechanical Engineering alumni and gain insights into industry trends."
2. "Great initiative to bring alumni back to the campus; looking forward to networking opportunities."
3. "Hope to learn about the diverse career paths our Mechanical Engineering alumni have taken."

Objectives:

1. To reconnect with Mechanical Engineering alumni and provide a platform for sharing experiences.
2. To offer current Mechanical Engineering students insights into various career paths and industry trends.
3. To create networking opportunities between students and successful Mechanical Engineering alumni.

Modalities: (How the Event Was Conducted)

The Alumni Meet included speeches, panel discussions, and interactive sessions where alumni shared their experiences and offered career advice. Networking sessions allowed students to connect with alumni on a personal level.

No of Attendees:

Approximately 72 Mechanical Engineering alumni's and faculty members attended the Alumni Meet.

Financial Implications:

The event incurred expenses related to venue arrangements, refreshments, and logistical support. The total expenditure was INR 25,400. Detailed financial reports are available upon request.

Post-event Publicity:

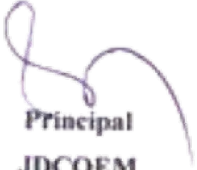

Efforts were made to highlight the success of the Alumni Meet through online platforms, showcasing the valuable connections made and the shared experiences of Mechanical Engineering alumni.

Post-event Feedback:

1. "Invaluable insights gained from Mechanical Engineering alumni; inspired to pursue various career paths."
2. "Connecting with successful Mechanical Engineering alumni was motivating and provided clarity about our future."
3. "Appreciate the effort in organizing events that facilitate interactions with Mechanical Engineering alumni."

Outcome:

1. Strengthened connections between the Mechanical Engineering department, current students, and alumni.
2. Valuable insights gained by Mechanical Engineering students from alumni experiences and diverse career paths.
3. Positive feedback from attendees highlighted the success of the Alumni Meet in achieving its objectives and fostering a sense of community.

MISSION

1. Transforming students into lifelong learners through, quality teaching, training and exposure to concurrent technologies.
2. Fostering conducive atmosphere for research and development through well-equipped laboratories and qualified personnel in collaboration with global organizations.

Introduction:

The Alumni Expert Review Session on "Unveiling Achievements: Summer Internship Reflections" was conducted with Mr. Piyush Edward, HR Generalist at Altius Customer Service Pvt. Ltd., Nagpur, as the esteemed speaker. This report encapsulates the essence of Mr. Edward's session, offering insights gleaned from his expertise in the field.

Key Insights:

Mr. Edward initiated the session by delving into the significance of summer internships as a pivotal component of professional development. He underscored the transformative potential of internships in bridging the gap between theoretical knowledge and practical application, thereby preparing students for the rigors of the corporate world.

Throughout the session, Mr. Edward shared invaluable reflections and strategies drawn from his own experiences and observations in the HR domain. He emphasized the importance of leveraging internships as platforms for learning, growth, and networking. Moreover, he provided practical advice on maximizing the internship experience, from setting clear objectives to actively seeking feedback and building professional relationships.

Furthermore, Mr. Edward shed light on the key attributes and skills sought by employers during internships, highlighting the significance of adaptability, initiative, and effective communication. He elucidated on the role of internships in shaping career trajectories and fostering a deeper understanding of one's professional aspirations.

Conclusion:

In conclusion, Mr. Gopal Rathod's review session offered MBA students valuable insights into their summer internship experiences and the expectations of the industry from freshers' appointments. His emphasis on practical skills, adaptability, and customer-centricity resonated deeply with the audience, empowering them to prepare effectively for their future careers.

Introduction:

The Alumni Expert Review Session on "Unveiling Achievements: Summer Internship Reflections" featured Mr. Noman Ahmed, Senior Account Manager at Bharti Airtel, Dharampeth, Nagpur, as the distinguished speaker. This report encapsulates the unique insights and perspectives shared by Mr. Ahmed during the session.

Key Insights:

Mr. Ahmed commenced the session by highlighting the transformative nature of summer internships in shaping the professional journey of individuals. Drawing from his extensive experience in the telecommunications sector, he emphasized the importance of internships in providing practical exposure and fostering essential skills for success in the corporate world.

During the session, Mr. Ahmed shared anecdotes and real-life scenarios to illustrate the dynamic nature of internship experiences. He emphasized the value of adaptability and resilience in navigating challenges encountered during internships, citing examples from his own career trajectory.

Furthermore, Mr. Ahmed provided insights into the evolving landscape of the telecommunications industry and its implications for internship opportunities. He discussed emerging trends and technologies, encouraging interns to proactively seek exposure to new developments and enhance their skill sets accordingly.

Additionally, Mr. Ahmed emphasized the significance of networking and relationship-building during internships. He shared strategies for effectively engaging with colleagues and mentors, leveraging the internship experience to expand one's professional network and lay the groundwork for future career opportunities.

Conclusion:

In conclusion, Mr. Noman Ahmed's insights shared during the Alumni Expert Review Session on "Unveiling Achievements: Summer Internship Reflections" provided attendees with valuable perspectives and actionable advice. His emphasis on adaptability, industry insights, and networking resonated with the audience, empowering them to make the most of their internship experiences.

MISSION

1. Transforming students into lifelong learners through, quality teaching, training and exposure to concurrent technologies.
2. Fostering conducive atmosphere for research and development through well-equipped laboratories and qualified personnel in collaboration with global organizations.

Recommendations:

It is recommended that future alumni sessions continue to incorporate perspectives from industry experts like Mr. Edward. This practice ensures that students receive pragmatic advice and real-world insights, enhancing their understanding and preparation for the challenges and opportunities presented by internships and beyond.

To,
The Principal,
JDCOEM,
Nagpur

Subject: - Permission for Alumni Guest Lecture

Respected Sir,

With reference to above mentioned subject, we would like to inform you that Department of Management Studies is organising session on "Unveiling Achievements: Summer Internship Reflections" on 14/12/2022. The Resource person for the same is Mr. Piyush Edward, HR Generalist at Altius Customer Service Pvt. Ltd., Nagpur.

Kindly approve the same.

Alumni Interaction 22-23

Principal
JD COEM
Principal
J D College of Engineering & Management
Khandala, Katol Road
Nagpur-441501

Rational/Concept of the event: Our alumni impart their knowledge and experience to the students on a one-to-one basis to help them train for the real-world experience through various events organised by the Alumni Relations Committee. The event navigated the students' efforts toward honing the skills required for a successful professional career

Pre event feedback:

1. Date and time of the alumni was taken well in advance for the session.
2. Information was gathered from the current students to test their knowledge of different types of entrances exams after engineering.

Objectives:

1. To act as a link between the "college and the "Alumni" (the past students).
- 2) To provide a platform for interaction between alumni, present students, faculty of the college and college administration.
- 3) To improve the facilities and infrastructure of the college with the help of active participation of the alumni.

Modalities: Student-Alumni Interaction" was held by the department of Electrical Engineering on 10/08/2022. Our prominent alumni **Swapnil Dangare**, Maintenance Engineer, Mungi Construction, Pune , interacted with Third year and Final year EE students.

The program's aim was to interacted with the students and gave career guidance regarding higher studies and placements. He shared his experience and motivated the students towards their goal. He gave many links to search for desired jobs to the student's community and at the end of the session there was an interactive session with the alumni answering to various queries raised by the students. Roles, responsibilities and Final year project and Internship project were discussed during interaction. Finally, the session ended with the vote of thanks by the department alumni coordinator.

We are also very much thankful to alumnus for dedicating their valuable time for student's interaction session.

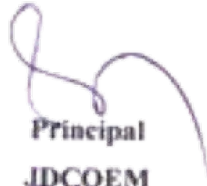

No of attendees: 32

Financial implications: 3500/-

Post event publicity: Status of Creation and circulation of post for whatsapp, instagram, news for the media etc.

Post Event Feedback:

1. What is your level of satisfaction with this event?
2. Was the event helpful to you?
3. Are you being aware about the entrances exam?
4. Give name of any 3 entrances exam that you like to attempt.

Report: Seminar on "Introduction to information security and cryptography"

Held on :28/12/2022

Time: 11 am onwards

Venue:VS 105

2022-23 ETC ALUMNI LECTURE

Principal
JDCEM
Principal
J D College of Engineering & Management
Khandala, Katol Road
Nagpur-441501

Rational/ Concept of the event:

The concept of a seminar conducted on information security involves creating a platform where participants can gain insights into the dynamic field of information security and cryptography. Here's a conceptual overview of such a seminar:

1. Introduction to information security:
2. Industry Overview:
3. Career Opportunities:
4. Industry Trends and Innovations:
5. Real-world Applications:

PO mapping and attainment:

PO	PO1	PO2	PO3	PO4	PO5	PO6	PO7	PO8	PO9	PO10	PO11	PO12
Alumni Meet	1	2	3	3	2	2	1	-	2	3	2	3

Pre event feedback:

1. Evaluate the qualifications and expertise of the speakers. Participants are more likely to find value in the seminar if the speakers are knowledgeable and experienced in the field of information security and cryptography.
2. Assess the relevance of the topics to be covered. Ensure that the seminar addresses current trends, challenges, and opportunities in the information security and cryptography industry to keep participants engaged and informed.
3. Understand the expectations of the target audience. Ensure that the seminar aligns with what participants are seeking, whether it's career guidance, industry insights, or practical skills development.

Objectives:

1. The primary goal of the seminar could be to educate participants about the field of information security, its significance, and its role in various industries.
2. Showcase the diverse career opportunities available in the field of information security and cryptography. Discuss the demand for information security professionals in sectors such as finance, healthcare, marketing, and technology.
3. Discuss the latest trends and advancements in information security and cryptography. Cover topics like machine learning, artificial intelligence, big data, and predictive analytics to give participants a comprehensive understanding of the evolving landscape.
4. Demonstrate how information security and cryptography is being applied in real-world scenarios.
5. Create a platform for participants to connect with professionals in the information security and cryptography field. Encourage networking among attendees, speakers, and industry experts to facilitate potential collaborations and opportunities.

Modalities: The seminar began with a welcome address and an overview of the agenda. The sessions were designed to cover a broad spectrum of topics, ensuring a comprehensive understanding of the opportunities available in information security and cryptography. Alumni named Nisha Kakde of class 2018 attended the event. Event ended with a vote of thanks.

No of attendees:37

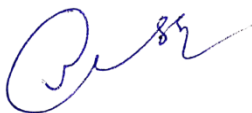

Financial implications:

Sr. No.	Items	No.	Cost
1	Bouquet	1	250
2	Snacks& Tea	1	450
3	Remuneration		3000
4	Misc.		300
Total			4000 /-

Post event publicity: Status of Creation and circulation of post for whatsapp, instagram, news for the media etc.

Post Event Feedback:

1. The seminar effectively conveyed fundamental concepts and techniques in information security and cryptography. The content was well-structured, making it accessible to both beginners and those with some background in the field.
2. The discussions on career opportunities were highly informative. The seminar succeeded in highlighting the diverse paths available in information security and cryptography, and the insights provided about the demand in various industries were valuable for career planning.
3. The use of case studies and success stories effectively demonstrated how information security and cryptography is applied in practical scenarios. This approach helped bridge the gap between theory and real-world implementation.
4. The seminar provided excellent networking opportunities. The chance to interact with speakers, industry experts, and fellow participants was appreciated, and I believe it will lead to valuable connections in the future.
5. The emphasis on fostering a culture of innovation within information security and cryptography was inspiring. It encouraged participants to think creatively and explore new possibilities within the field.
