

## Webinar on “Warming Globe and Swarming Insects”

### Year 2020-21

**Name : Warming Globe and Swarming Insects**

**Place : Online Webinar on Webex**

**Date : 05/06/2020**

### Activity Details

The Department of Management Studies, J D College of Engineering & Management organised a Webinar on ‘**Warming Globe and Swarming Insects**’ for the students of MBA on world environment day 5<sup>th</sup> June 2020. The resource person for the session was **Dr. J S Pandey, Chief Scientist, Science Secretary and Head Centre for Climate Sustainability and Skill Development, CSIR- NEERI**. He has a rich experience of more than 30 years as an Environment Scientist in NEERI.

On the occasion of world environment day he addressed the students about the importance of climate sustainability and the need of protecting our planet. He explained the different factors which are leading to global warming and the measures to be taken to curb or reduce the effect. He also talked about sustainable development and life cycle of the nature. He stated that even though the questions remain the same every year the answers to the questions are changing. He concluded the session with a message to students to protect and respect our nature.

The Objectives of the webinar:

- To make student aware of the importance of Environment
- To help the students to under the concept of global warming, climate sustainability, Sustainable development.

Dr. Anjali Chandak coordinated the webinar. The students of both first and second year MBA enthusiastically participated and interacted with the guest speaker. They were thankful to the expert as well as all their faculty members of the department, HOD Dr. Swarnalata Philip for arranging this wonderful and informative session.

Education to Eternity

Sustainable Development for Whom (?), Where (?), When (?) & Why (?)

Same Questions & Different Answers

- In the period that Einstein was active as a professor, one of his students came to him and said: "The questions of this year's exam are the same as last years!"
- "True," Einstein said, "but this year all answers are different."

Ship in search of Sustainable Development !!

"It has been left to our generation to discover that you can move heaven and earth to save five minutes and then not have the faintest idea what to do with them when you have saved them."  
~C.E.M. Joad

"To get all there is out of living, we must employ our time wisely, never being in too much of a hurry to stop and slip life, but never losing our sense of the enormous value of a minute."  
~Robert Updegraff
