

## QUARANTICO

*Quarantico* is an online event organized by Student club. It contains 10 different activities that focus on dealing with idleness along with promoting creative productivity during this situation of global pandemic. These activities have no age barrier and are open for all. The promotions of these events target the age group of students of 11<sup>th</sup> and 12<sup>th</sup> grade as they are most affected with gloominess in these times. Special certificates are being provided to them. The updates of this event will be actively posted on the social media handles of student club and simultaneously on the official social media handles of JDCOEM.

**Objective:** The main objective of this event is to make this quarantine period an enjoyable yet productive phase wherein people get engaged into their creative passions to evolve from this stressful situation.

**Expected Outcomes:**

1. It will promote recreational activities along with learning in these tough situations.
2. The participants will be benefitted emotionally and mentally as these activities are creative mind centric which will be advantageous in many ways as they will be doing something different from their regular activity.
3. The targeted audience will get a glimpse of development centered activities that are carried out in JDCOEM and the event being open to all is an opportunity for non-jdians to experience the same.
4. Conducting these activities online will let the event organizing team learn the techniques of promotions, organization, technical tools and team management.
