Overall it was very good experience but with extra curriculum activities student focus should also be on improving their technical skills and practical knowledge.

The college have all the needy infrastructure. College provides all the facilities like wi-fi, Laboratories, Library along with digital classrooms. Canteen is very well maintained and hygienic

The course material is updated and will undoubtedly help you become more competitive in the corporate world. The tests for the semester actually help you to prepare well for finals. I adore every faculty member. The teachers are pretty incredible. Campus life is awesome of Patna Women's college. College promotes a lot of activities and sports in campus every week, month and year. College give a chance to every student to participate. There is a necessary rule to participate each and every students. There is a lot of functions like college day, holi milan, shravani, sports day, Science fest, annual function, Christmas day etc. Teachers also support students to participate. College have a own emergency room with all medicines and nurse. overall college is very good. Every girls of bihar want to take admission in this college. College campus is also attractive and beautiful. Every teachers and staff member treats like their own children. College also have their own vaccination area that is free of cost

J D college of Engineering and management, Nagpur is a place of learning, fun, culture and many such life preaching activities. A perfect place to enhance our skills. The labs are well developed and the infrastructure is also great. The college provides space not only for academics and also for co curricular activities like sports and cultures. JDCOEM has always believed in helping and guiding students. JDCOEM brought an added value to my life I am very proud and happy to be a part of JDCOEM !!

No

I love my Graduation life with JDCOEM. Firstly I thankful to all my Teachers for sharing their experience with us. They guide me whenever I need it. special thanks to Prof. Tejaswini ma'am for their guidance. I made great memories with my friends. simply I will say, "I came in college with nothing in my hands but going from college with lots of memories, guidance needed for my future and many more".

Thank you so much JDCOEM to giving me my future guidance.

Uncountable memories, amazing infrastructure, best college ever I have seen. I'm feeling proud to be a student of JDCOEM.

Overall experience is very good. And every problem has solutions and some teachers are very good to solve those problems. Everyone is supportive.

College is very friendly, surrounding area is good for learning.

No

All are good

College life prepares you for all of this. It is a perfect blend of joy and hardships. You meet different people, you interact with them, you learn about their cultures and grow as a person. You will understand how to talk to different people, how to judge their behavior, thus helping you with important life skills.

Overall is average

it is good

Overall Experience is good in college. I learnt lots of things in college.

The college experience in my life is a precious period. It's my 1st step to finding my future of a career. Leaving home for the first time in my life and finding out if I have the skills to make it in the real world. When I was in first year, hopes of finding a great career and making lots of money for a leisurely lifestyle. Not seeing people that I am used to seeing everyday and adjusting to a different kind of lifestyle. It makes me adaptable. Freedom to make all of my own choices without having to consult anyone anymore. Now I have the freedom to decide to do whatever I want at any time of my choosing. It's great and it prepares me to face the world.

My experience in JDCOEM was just amazing. The college has been developed my love for learning and clarified my vision of the future. The entire faculty of Civil Department are very cooperative & they are always taking a more efforts for the betterment of the students. Moreover apart from studies, Students also enjoy the Co-curricular activities. My college has provided me technical knowledge, training program, soft skill training, etc. throughout four year which helps me to molded my personality and improved my skills.

I would like to Thanks JD college for showing me the correct path to build myself as a professional.

Lines about college:-

I am blessed to be part of JD and how it changes my life in
Every term. Wherever I am today is just because of the guidance of my professors
And I will never forget their lessons in my life . Lectures, canteen moments to events
In the college I found them all as part of memories which I will cherish always.
Thank you JD College and Civil department for those 4 best years of my life
