GREEN CAMPUS POLICY

PREAMBLE:

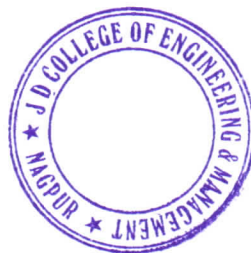

A green campus is a place where environment friendly practices and education system jointly promote sustainable and eco friendly ambience in the campus. The green campus concept offers the institution an opportunity to take the lead in redefining its environmental culture through instilling environmental ethics among students and staff.

OBJECTIVES:

1. To instill the values of environment conservation among the students and staff
2. To promote eco friendly practices among the students and staff

IMPLEMENTATION GUIDELINES:

1. Students and staff are encouraged to avail the bus facility provided by the college for transportation.
2. Students can also use the public transport available.
3. Faculties and students coming by their own vehicle are required to follow the traffic rules and park their vehicles in the designated areas only.
4. Only pollution free vehicles will be allowed entry in the campus.
5. Car pooling facility can be practiced by the faculty members.
6. Students and staff from nearby villages are encouraged to use bicycle or battery powered vehicles.
7. Regular checking of the vehicle documents and monitoring of adherence to the policy is to be ensured.
8. Single-use plastic items such as plastic bottles, bags, spoons, straws and cups are banned in the college campus. Students and staff are advised to use sustainable options like steel or copper water bottles.
9. Plastic tea cups and glasses used in the canteen are to be replaced by paper cups and glasses.
10. The garden and landscaping in the campus is to be properly maintained by the Garden In charge.
11. Encourage tree plantation initiatives.
12. Dissemination of policy among the students is to be ensured through circulars.
13. Creating awareness among the students about the importance of environmental conservation
