WASTE MANAGEMENT POLICY

PREAMBLE:

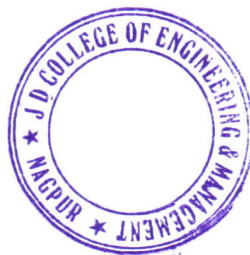

J D College of Engineering & Management has initiated measures towards environmental sustainability & considerable attention has been paid to minimize the production of waste in the campus as well as ensuring proper waste disposal. This policy envisages guaranteeing the moral, social and legal responsibilities in creating an environment friendly and sustainable campus devoid of waste and exploitation of nature. This policy serves as a guidance document to the faculty, staff and students to behave responsibly in the production of waste, waste segregation, storage, handling, and disposal. The college recognizes that sustainable and holistic waste management is essential in reducing its environmental footprint and providing a safe and healthy work environment for teaching and non teaching employees, students, and visitors. College has a duty to ensure that all the campus wastes are disposed-off responsibly by using proper waste segregation mechanism at the source and if possible, converting it into value added environment friendly product.

OBJECTIVES

- Promote environmental awareness to encourage waste minimization, reuse and recycling
- Minimise Waste generation.
- Ensure the protection of the environment through effective Waste Management measures.

IMPLEMENTING GUIDELINES:

- Provision of bins for solid waste items on each floor.
- Segregation of solid waste into degradable and non biodegradable.
- Dumping of bio-degradable solid waste at the dumping yard
- Utilization of Compost pit for biodegradable waste like food waste, vegetable peels, leaves etc.
- Minimize the use of non-biodegradable materials in campus
- Selling of paper and metal waste for recycling.
- Disposal of liquid waste generated from canteen and toilets into septic tank
- Disposal of e waste through vendors
- Incinerator for disposal of sanitary waste
