

JDCOEM Students Gain Insights into Cutting-Edge Technology at HORIBA India

Nagpur, September 27, 2024: A group of 35 third-semester Electronics & Telecommunication Engineering students from JD College of Engineering and Management (JDCOEM) embarked on an educational field trip to HORIBA India Pvt. Ltd. in Nagpur on September 24. The visit provided the students with a unique opportunity to witness firsthand the innovative practices and advanced technologies employed by the renowned company.

Guided by Mr. Aniket Khandaitkar and his team, the students were treated to a comprehensive tour of HORIBA's state-of-the-art facilities. They explored the company's hematology solutions, manufacturing processes, and automation in Biomedical Engineering. The visit also included a detailed overview of HORIBA's history, vision, and mission.

Under the guidance of respected dignitaries including Shri. Sanjay Agrawal Sir, Shri. Ajay Agrawal Sir, Shri. Jayesh Goyal Sir, Prof. S.M. Bang Sir, Shri. Avinash Dorsatwar Sir, Dr. S.V. Sonekar Sir, Dr. P.R. Kshirsagar Sir, Prof. Afshan N. Patel, and Prof. Sumedh Jadhav, the students gained valuable insights into the practical applications of their academic knowledge. The industrial visit proved to be a significant milestone in their academic journey, fostering a deeper understanding of the industry and inspiring them to pursue careers in cutting-edge technology.
